On Tuesday 16 January 2018, Saffery Champness and CliftonLarsonAllen are hosting a seminar in Manchester, which will look at expanding into the USA.

Join us and a panel of business professionals, including businesses that have already expanded their operations into the US, to learn about practical aspects of doing business in the US, including:

- Interpreting the US economic outlook and tax reform plans
- An overview of the US business environment
- Understanding business VISA options
- Navigating corporate and business regulations

This event is being run with support and input from Select USA, the Department for International Trade and the British American Business Council. If your business growth plan includes expansion into the USA, don't miss this event.
