# Important Considerations for CECL Model Validation

The information herein has been provided by CliftonLarsonAllen LLP for general information purposes only. The presentation and related materials, if any, do not implicate any client, advisory, fiduciary, or professional relationship between you and CliftonLarsonAllen LLP and neither CliftonLarsonAllen LLP nor any other person or entity is, in connection with the presentation and/or materials, engaged in rendering auditing, accounting, tax, legal, medical, investment, advisory, consulting, or any other professional service or advice. Neither the presentation nor the materials, if any, should be considered a substitute for your independent investigation and your sound technical business judgment. You or your entity, if applicable, should consult with a professional advisor familiar with your particular factual situation for advice or service concerning any specific matters.

CliftonLarsonAllen LLP is not licensed to practice law, nor does it practice law. The presentation and materials, if any, are for general guidance purposes and not a substitute for compliance obligations. The presentation and/or materials may not be applicable to, or suitable for, your specific circumstances or needs, and may require consultation with counsel, consultants, or advisors if any action is to be contemplated. You should contact your CliftonLarsonAllen LLP or other professional prior to taking any action based upon the information in the presentation or materials provided. CliftonLarsonAllen LLP assumes no obligation to inform you of any changes in laws or other factors that could affect the information contained herein.

# Learning Objectives

*At the end of the session, you will be able to:*

- Recognize the CECL model validation expectations by regulators and auditors
- Identify how to prepare for your institution's CECL model validation

# Today's Presenters

David Heneke, CPA, CISA  
Principal  
St. Cloud, MN

Jon Markfort, CPA  
Principal  
Minneapolis, MN

Brittany Stern, CPA  
Principal  
Baltimore, MD

# Agenda

Discussion of Current CECL Statistics

Understand the key components of a CECL model validation

Understand how to prepare for a CECL model validation

Other items to be aware of in 2023 regarding CECL adoption

# Polling Questions

What is the expected impact to your allowance as a result of the adoption of CECL?

- 1) Minimal impact, less than 5% increase on the allowance
- 2) Between 5% and 20% increase in the allowance
- 3) Between 20% and 50% increase in the allowance
- 4) Between 50% and 100% increase in the allowance
- 5) Over a 100% increase in the allowance

# Polling Questions

Where are you in your CECL model validation journey?

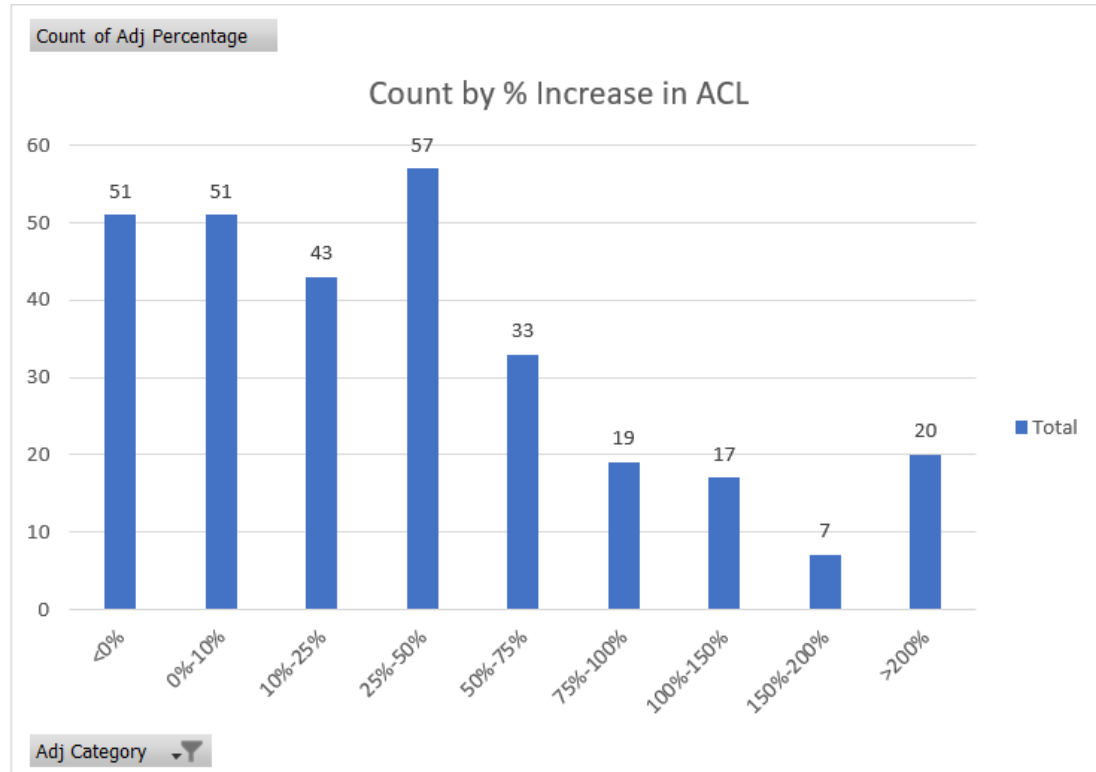

- 1) Haven't started
- 2) Started exploring options
- 3) Engaged a third party or intend on using internal personnel to complete in 2023
- 4) We have completed our first model validation already

# Current Credit Card CECL Levels

# Key Components of a CECL Model Validation

# Key Components

- Inspection of your Allowance for Credit Losses Policy
  - Compliance with regulations
  - Proper governance
  - Adequate detail
  - Evaluation of various methodologies
- Portfolio Segmentation
  - Similar risk characteristics
  - Reconciliation to loan data and review
  - Completeness and accuracy

# Key Components

- Historical Loss Calculation
  - Aggregation of charge-off and recovery information
  - Transfer procedures
  - Mathematical accuracy
  - Peer data
- Loan Data Validation
  - Loan level inputs

# Key Components

- Forecast Period (Forward Looking)
  - Document of selection
  - Data elements and industry information
  - Reversion methodology
- Qualitative Factors (Current State)
  - Interagency guidance and SAB 119
  - Documentation
  - Data elements and industry information

# Key Components

## Third Party

- Vendor Management
- Accuracy of data transfer
- Documentation and understanding of model
- User access

## In House

- Mathematical accuracy
- Internal control
- User access
- Change management

# Key Components

- Backtesting
  - Evaluate estimate to actual results at a granular level
  - Key ratios and trends
- Unfunded Commitments and Investments
  - Documentation around methodology
  - Internal controls
