

Create Opportunities

Cybersecurity

Shield of Defense

PREVENT | DETECT | MITIGATE

Use devices wisely

- Don't click unknown links
- Get a pin for your smartphone
- Employ two-factor authentication
- Back up your data

Protect your credit

- Freeze your credit
- Use credit, not debit — and keep receipts
- Minimize your number of online credit cards
- Set up credit monitoring

Watch your financials

- File your taxes early
- Keep your tax records on external media
- Diligently monitor your bank accounts
- Enable money activity alerts
- Consider an identity protection service

Defend your organization

- Close the door behind you
- Fortify your network
- Train your team

Get off the lists

- Opt out of junk mail via optoutprescreen.com
- Halt telemarketing via donotcall.gov
- Avoid sweepstake surveys, credit offers, and giveaways

Know how to react

- Put a plan in place and keep it handy
- Report suspicious activity to credit bureaus
- Contact the police
